

Elf Farm Supplies

Construction update **#6**
Sept 2017

Project update

Elf Farm Supplies began upgrading its Mulgrave facility in late August 2016 to install the latest technology to manage odour generated at the site. The following is a summary of work that has occurred in the past three months:

We have made significant progress on the upgrade to our facility:

- The scrubber units are now in place and exhaust air ducts are being installed
- The tunnel walls are complete and work has nearly finished on the tunnel roofs
- The cooling plantroom structure is complete and pipework fabrication has commenced
- Work has begun on building a new electrical switchroom
- Machinery and conveyor systems are being manufactured and electrical engineering designs are almost complete.

The cooling plantroom structure is complete

The tunnel roofs are near completion

The last tunnel wall being poured

The scrubber units have been installed

Information sessions

We are holding quarterly information sessions about our upgrade until it is complete. The information sessions give the community the opportunity to learn more about the project, by viewing project plans up close and talking to members of the project team.

The next information session will be held from **11.00am to 2.00pm on Saturday 18 November 2017**, in the Tebbutt Room at the Hawkesbury Central Library, 300 George Street, Windsor.

These are 'drop-in' sessions, so there is no need to RSVP to attend. Just come along at the time that suits you best.

If you would like to be kept informed about future sessions, please register for electronic updates via the Contact Us page of our website, see details below.

Further information

Call **1800 155 079** to register concerns or complaints.

The Complaints Line operates from 8.00am to 5.00pm, Monday to Friday, with the exception of public holidays. Voice messages can be left at any time.
